

UPDATE

Go Live Date Extended!

We have decided to push back the eVA transition go-live date after hearing input from some of our partners. We will no longer go live on May 2.

We are working on a new timeline and will communicate a new go-live date to you soon, but rest assured we will provide at least 30 days' notice before the new go-live date. This will allow extra time to ensure the new platform will meet our expectations and yours.

Suppliers can continue to **submit electronic responses** until further notice.

We want to make sure our suppliers are familiar with the new platform and its features. They will find new training resources off the [Transition Newsroom](#) page under [Information for Businesses \(Suppliers\)](#).
